Indoor / Outdoor - Modular Entrance Mat Systems

# 692 Master Flex HHP™ D12

Indoor/Outdoor - Heavy traffic

# 692 Master Flex HHP™ D12

692 Master Flex HHP™ D12 high heel modular rubber mat tile for use with high heels has an open construction with tiny drainage holes and a depth of 12 mm.

The Master Flex HHP™ high heel modular entrance matting system has a stylish octagonal grooved design and tiny integrated holes combined with a densely tufted carpet insert to reduce the risk of trips and falls with high heels. Plus, its smooth surface makes it EU compliant for public entrances and suitable for wheeled access (carts, wheelchairs, suitcases, etc).

The Master Flex HHP™ C12 can be combined with the Master Flex HHP™ D12 for a harmonious transition from outdoor to indoor.

**Recommended use:**

- Heavy traffic
- For placement in interior or exterior recessed matwell frames

**Specifications:**

- Natural rubber
- Attachable bevelled edges are available
- Overall thickness: 12 mm
- Weight: 2.5 kg/m<sup>2</sup>
- Special characteristics: Free of DOP, free of DMF, free of ozone depleting substances, free of silicone and free of heavy metals
- Suitable for use in extreme weather
- Tiny drainage holes diameter 3 mm, specially designed for high heels, compliant with EU norm for public entrances

**Recommended accessories:**

- 597 Master Flex D12/C12™ Nitrile Safety Ramps

**Standard sizes:**

- 50 cm x 50 cm
